

Victor Luis Mleczko

Victor Luis works as a Family Medicine doctor at Venice Family Clinic, an FQHC in Los Angeles County. He has dedicated himself to serving individuals experiencing homelessness and the Latino community since his teens, most recently devoting his time to street medicine and mobile clinics in West Los Angeles and the Southbay. An MPH will enable him to better advocate and make policy recommendations for the communities he serves. Notably, he is a native Spanish speaker of Salvadorean and Argentinian descent.
